Governing States and Localities Kevin B. Smith 2019-01-03 The trusted and proven Governing States and Localities guides you through the contentious environment of state and local politics and focuses on the role that economic and budget pressures play on issues facing state and local governments. With their engaging journalistic writing and crisp storytelling, Kevin B. Smith and Alan Greenblatt employ a comparative approach to explain how and why states and localities are both similar and different. The Seventh Edition is thoroughly updated to account for such major developments as state vs. federal conflicts over immigration reform, school shootings, and gun control; the impact of the Donald Trump presidency on intergovernmental relations and issues of central interest to states and localities; and the lingering effects of the Great Recession.

Governing States and Localities; The Essentials Kevin B. Smith 2014-01-15 This text retains all the hallmarks of Governing States and Localities - a combination of smart scholarship with journalistic writing, the effective deployment of the comparative method as an analytic approach, and the well-developed features that help students compare state and localities: Difference that Makes a Difference, Policy in Practice, Local Focus, and States under Stress - but focuses on the core topics and provides students with a manageable resource.

The Public Administration Profession Bradley S. Chilton 2018-08-29 While many introductory public administration textbooks contain a dedicated chapter on ethics, The Public Administration Profession is the first to utilize ethics as a lens for understanding the discipline. Analyses of the ASPA Code of Ethics are deftly woven into each chapter alongside complete coverage of the institutions, processes, concepts, persons, history, and typologies a student needs to gain a thorough grasp of public service as a field of study and practice. Features include: A significant focus on ‘public interests,’ non-profit management, hybrid-private organizations, contracting-out and collaborations, and public service at the state and local levels. A careful examination of the role that religion may play in public servants’ decision-making, as well as the un-ignorable and growing role that faith-based organizations play in public administration and non-profit management at large. End-of-chapter ethics case studies, key concepts and persons, and dedicated ‘local community action steps’ in each chapter. Appendices dedicated to future public administration and non-profit career management, writing successful papers throughout a student’s career, and professional codes of ethics. A comprehensive suite of online supplements, including: lecture slides; quizzes and sample midterm and final examinations for undergraduate and graduate courses containing multiple choice, true-false, identifications, and essay questions; chapter outlines with suggestions for classroom discussion; and suggestions for use of appendices, e.g. how to successfully write a short term paper, a brief policy memo, resume, or a book review. Providing students with a comprehensive introduction to the subject while offering instructors an elegant new way to bring ethics prominently into the curriculum, The Public Administration Profession is an ideal introductory text for public administration and public affairs courses at the undergraduate or graduate level.

Über die Demokratie in Amerika Alexis de Tocqueville 2021-03-12 1831/32 bereist Alexis de Tocqueville im Auftrag des französischen Justizministeriums die noch jungen Vereinigten Staaten von Amerika. Dieses Land erscheint ihm wie ein politisches Zukunftslabor, denn dort sind Demokratie und Gleichheit zu dieser Zeit schon weit fortgeschritten. Auf der Grundlage seiner Beobachtungen und unter der Leitfrage, wie Gleichheit und Freiheit zu vereinbaren sind, entsteht sein 1835/40 vorgelegtes zweibändiges Hauptwerk "Über die Demokratie in Amerika" - eine brillante Analyse der amerikanischen Gesellschaft sowie all ihrer Institutionen und eine Gründungsschrift der Vergleichenden Politikwissenschaft. American Politics and the African American Quest for Universal Freedom Hanes Walton 2017-03-30 This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had -- and continue to have -- on American politics. Through the use of two interrelated themes -- the idea of universal freedom and the concept of minority-majority coalitions -- the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes. The authors show that through the quest for their own freedom in the United States, African Americans have universalized and expanded the freedoms of all Americans. New to the Eighth Edition A new co-author, Sherri L. Wallace, is renowned for her teaching,

scholarship, and participation in APSA’s American government textbook assessment for coverage of race, ethnicity, and gender. She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality. Offers a new Media Integration Guide for the first time. Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular. Updated through the 2016 elections, connecting the Obama years with the new administration. Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book. Adds a new section on State Politics and Elections. Includes new sections on intersectionality dealing with issues of race, gender and sexuality; LGBT issues as another manifestation of the struggle for universal freedom; a discussion of the "Black Lives Matter" movement; and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean. Discusses the way in which race contributed to the polarization of American politics; the connections to the Tea Party; and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling. Previews the impact of the Trump Administration on matters of race and ethnicity.

Shortest Way Home Pete Buttigieg 2019-07-12 "Die beste politische Autobiografie seit Barack Obama."

The Guardian Pete Buttigieg schaffte im Kleinen, was Amerika im Großen guttun würde. Er hat gezeigt, wie ein modernes Amerika gelingen kann. Unter seiner Führung hat das im Rostgürtel der USA gelegene South Bend zu alter wirtschaftlicher Stärke zurückgefunden. Seither gilt der 37-jährige "Mayor Pete" als Hoffnungsträger der US-amerikanischen Demokratie. Er bewirbt sich um die US-Präsidentschaft und steht für eine neue Generation demokratischer Führung. Als Afghanistan-Veteran und Bürgermeister einer kleinen, aufstrebenden Stadt gilt er als Gegenentwurf zur politischen Klasse, die den Kontakt zur Basis verloren hat. In seinem Buch erzählt er vom Aufwachen zwischen verfallenen Industriegebäuden, von der Bedeutung der Bildung und seinem Coming-out in einer konservativ geprägten Region. Buttigieg studierte in Harvard und Oxford und arbeitete als Berater bei McKinsey. Ihm stand eine glänzende Karriere in der Wirtschaft bevor, aber er kehrte in seine Heimatstadt zurück und wurde mit 29 Jahren zum jüngsten Bürgermeister der US-Geschichte gewählt. Die Anforderungen waren gewaltig. Er schuf zahlreiche neue Arbeitsplätze und wappnete South Bend für die Herausforderungen des 21. Jahrhunderts. Er gilt als Hoffnungsträger der amerikanischen Demokratie.

Grenzen der Globalisierung Elmar Altvater 1997 "Globalisierung" ist in aller Munde - was konkret mit diesem Kürzel gemeint ist und was tatsächlich empirisch bedeutsam ist, wird hingegen selten expliziert. Elmar Altvater und Birgit Mahnkopf geben sich nicht mit dem ersten Eindruck und entsprechenden Schlußfolgerungen zufrieden, sondern versuchen, den gemeinten Sachverhalt gesellschaftstheoretisch zu entschlüsseln. Governing States and Localities, 3rd Edition and State and Local Government, 2011-2012 Edition Package Kevin B. Smith 2011-08 Governing States and Localities, 3rd EditionDespite reports of the recession nearing an end, states will have to struggle to make ends meet well into the foreseeable future.

The choices are sometimes stark: trade-offs between roads and schools, public safety and health care. The new edition of Governing States and Localities responds to this reality with a new, sharper focus on economic and budget pressures. The chapter on finances comes earlier in the book, helping to frame each of the subsequent issues, and a new feature called &BAD:“States under Stress&BAD:” helps students see how fiscal and budgetary policy affects all areas of state and local governance.A brand-new chapter on the environment highlights the leadership role the states have taken in fighting climate change, creating green jobs, and combating pollution. Still a great blend of engaging journalistic writing, high-quality academic analysis, and the latest scholarship, the third edition has been thoroughly updated to account for such major developments as the recentralization of federalism under the Obama administration and the further politicization and rising costs of judicial elections. The authors have expanded coverage of referendums and direct democracy, as well as the increased role states play in homeland security.A series of well-designed features asks students to apply the comparative method (&BAD:“A Difference that Makes a Difference&BAD:”), to see how intergovernmental relations impact localities (&BAD:“Local Focus&BAD:”), and to see examples of how policies are actually implemented (&BAD:“Policy in Practice&BAD:”). An engaging full-color design, more than thirty maps, a vivid selection of photographs, updated tables and figures, and a marginal glossary all combine to keep your students focused and learning.For more information on Governing States and Localities, click here. Betrachtungen über die Repräsentativregierung John Stuart Mill 2013-08-19 Die anhaltende Diskussion um die »Krise des Parlamentarismus« zeigt, dass die normative Begründung und systematische Bestimmung von Parlamentsfunktionen und demokratischer Öffentlichkeit von entscheidender Bedeutung für die Zukunft der repräsentativen Demokratie ist. Das Problem ist aber nicht neu, wie John Stuart Mills klassischer Text zeigt. Er kreist um die Frage, wie sich die Gefahr einer »Tyrannei der Mehrheit« mit den Partizipationsanforderungen demokratischen Regierens versöhnen lässt. Mill begründet darin u. a. ein

deliberatives Verständnis von Politik und erörtert die Gefahren einer bürokratischen Strangulierung politischer Freiheit. Ein Schlüsselwerk der Demokratietheorie und Parlamentarismusforschung.
