Finding Zsa Zsa Sam Staggs 2019-07-30 For decades, the Gabor dynasty was the epitome of glamour and fairy tale success. But as biographer, film historian, and Gabor family friend Sam Staggs reveals, behind the headlines is a true story more dramatic, fabulous, and surprising than their self-styled legend would have you believe . . . In 1945, after barely escaping Hitler's invasion of Hungary followed by "liberation" of the country by the Red Army, three members of the Gabor family—Jolie, her ex-husband Vilmos, and their daughter Magda—arrived in New York City. In Hollywood, their other daughters, Zsa Zsa and Eva, had worked feverishly throughout the war years to secure their rescue from the Nazis' plan to exterminate the Jews. Stepping off the boat, Jolie, the iron-willed matriarch, already had a golden future mapped out for her sharp-witted, cosmopolitan beauties. Over the next six decades, with twenty-three husbands between them (suave All About Eve star George Sanders would wed both Zsa Zsa and Magda), scores of lovers, and roller-coaster rides in film, television, theater, and business, the elegant yet gloriously bawdy, addictively watchable Gabors carved a niche in the entertainment industry that made them world-famous pop-culture icons. But

beneath the artifice of Dior and diamonds was another side to the story they never revealed: the whole truth. This first verifiable history of the Gabors casts a startling new light on these extraordinary women. Finding Zsa Zsa reveals the tumultuous and often unforgiven battles between mother and daughter, sister and sister, wife and husband; Eva's "bearded" romance with Merv Griffin that allowed them both to seek same-sex lovers; Zsa Zsa's involuntary confinement in a mental hospital; her life-long struggle with bipolar disorder; and her last—unconsummated—marriage to the manipulating faux prince Frederic von Anhalt. Here too is the untold story of Zsa Zsa's daughter, Francesca Hilton, a gifted photographer who eschewed the Gabor lifestyle and paid a sad price for her independence. The story of family patriarch Vilmos Gabor, who returned to Hungary only to be trapped behind the Iron Curtain, reads like a Cold War spy thriller. Culled from new interviews with family, colleagues, and confidantes, and the unpublished memoirs of the author's friend Francesca Hilton, Finding Zsa Zsa finally introduces fans to the Gabor family they never knew, including many never-before-seen photos. It's a riveting, outrageously funny, bittersweet, and affectionately honest read of four women who were vulnerable, tough,

charitable, endlessly fascinating, and always glamorous to a fault.

**Trauma and Grief** R. Scott Sullender 2018-07-06 In today's world, trauma and traumatic loss are increasingly common. This book surveys the important constructs, concepts, and dynamics of trauma, loss, grief, and growth, offering resources and strategies that ministers and other spiritual caregivers can use as they support and facilitate people in their journey from trauma recovery to grief work to spiritual growth. The book presents a framework for understanding the interrelationship between trauma recovery work, grief work, and spiritual growth. The author argues that each of these components is essential for a full and complete healing from trauma and traumatic losses and that they work together in the ongoing process of healing. Traumas and traumatic losses are times of "crisis" in the sense that they are turning points in people's lives; people can either grow through the experience or decline under the weight of their unbearable sorrow and anxiety. How people handle traumas and significant losses may be the most important variable in their psychological, relational, and spiritual health. The author gives special attention to describing ways in which God might draw close to the traumatized and bereaved in their process of recovery and healing.

*The Religious Art of Andy Warhol* Jane D. Dillenger 2001-02-01 Two images of Andy Warhol exist in the popular press: the Pope of Pop of the Sixties, and the partying, fright-wigged Andy of the Seventies. In the two years before he died, however, Warhol made over 100 paintings, drawings, and prints based on Leonardo da Vinci's The Last Supper. The dramatic story of these works is told in this book for the first time. Revealed here is the part of Andy Warhol that he kept very secret: his lifelong church attendance and his personal piety. Art historian and curator Jane Daggett Dillenger explores the sources and manifestations of Warhol's spiritual side, the manifestations of which are to be found in the celebrated paintings of the last decade of Warhol's life: his Skull paintings, the prints based on Renaissance religious artwork, the Cross paintings, and the large series based on The Last Supper.>

**Compostela (Tesseract Twenty)** Spider Robinson Compostela (Tesseract Twenty) is an anthology of hard and soft science fiction stories that best

represent a futuristic view of the sciences and how humanity might be affected (for better or worse) by a reliance in all things technological. The stories contained within the pages of Compostela are a reflection of the world we live in today; where science produces both wonders and horrors; and will leave us with a future that undoubtedly will contain both. Journeys to the stars may be exhilarating and mind-expanding, but they can also be dangerous or even tragic. SF has always reflected that wide range of possibilities.

Compostela (Tesseract Twenty) features works by Canadian visionaries: Alan Bao, John Bell, Chantal Boudreau, Leslie Brown, Tanya Bryan, J. R. Campbell, Eric Choi, David Clink, Paulo da Costa, Miki Dare, Robert Dawson, Linda DeMeulemeester, Steve Fahnstalk, Jacob Fletcher, Catherine Girczyc, R. Gregory, Mary-Jean Harris, Geoffrey Hart, Michaela Hiebert, Matthew Hughes, Guy Immega, Garnet Johnson-Koehn, Michael Johnstone, Cate McBride, Lisa Ann McLean, Rati Mehrotra, Derryl Murphy, Brent Nichols, Susan Pieters, Alexandra Renwick, Rhea Rose, Robert J. Sawyer, Thea van Diepen, Nancy S. M. Waldman. About the title of this anthology: For more than 1,000 years, Santiago de Compostela (Compostela means "field of stars") has attracted pilgrims to walk to the cathedral that holds St. James the apostle's relics. The stories in this anthology in their own way tell the tale of futuristic travelers who journey into the dark outer (or inner) reaches of space, searching for their own connections to the past, present and future relics of their time.

**What Jesus Learned from Women** James F. McGrath 2021-02-26

Dehumanization has led to serious misinterpretation of the Gospels. On the one hand, Christians have often made Jesus so much more than human that it seemed inappropriate to ask about the influence other human beings had on him, male or female. On the other hand, women have been treated as less than fully human, their names omitted from stories and their voices and influence on Jesus neglected. When we ask the question this book does, what Jesus learned from women, puzzling questions that have frustrated readers of the Gospels throughout history suddenly find solutions. Weaving cutting edge biblical scholarship together with an element of historical fiction and a knack for writing for a general audience, James McGrath makes the stories of women in the New Testament come alive, and sheds fresh light on the figure of Jesus as well. This book is a must read for scholars, students, and anyone else interested in Jesus and/or in the role of ancient women in the context of their times.

This is what makes it so interesting and so rare. Is Lee Kuan Yew the feral, authoritarian figure that Western critics claim? Or a stoic pioneer in new approaches to developing a nation—uncorrupt, modern, almost scientific? American journalist Tom Plate first interviewed the founder of modern Singapore in 1996 in a continuing back-and-forth with LKY that led to the summer of 2009, when the former prime minister agreed to sit down for two days of unprecedentedly informal but intense conversations that led to this special book. This new edition includes fascinating excerpts from prior interviews, as well as the author's assessment of the man who goes down in history as the world's longest-serving prime minister—and as one of the most unforgettable political figures of modern times. "You have done a superb job of capturing the many facets of this extraordinary man...." - Dr Henry A. Kissinger on *Conversations with Lee Kuan Yew*.

*Memory of a Vagabond* Adam Ross Rapoport 2014-10-22 In 2010, Adam Rapoport experienced a life-changing epiphany. He wanted to travel the world, by any means necessary. But for the twenty-three-year-old son of an middle-upper-class family to do so, he would have to drop out of graduate school. Undaunted, he sold his possessions and hit the road with a backpack and \$700 for the adventure of a lifetime. Adam wanted to experience the

freedoms of homeless travel. Over the course of two years, he learned how to get around and survive on the road. He hitchhiked across the United States, he joined the crew of a sailboat and explored the Bahamas with a seemingly cursed captain. He then wound up working under the table in Central America. And finally, he studied under both wilderness survival experts and a spiritualist guru in Montana. Spiritual, adventurous, humorous, self-reflective, insightful, and even romantic, *Memory of a Vagabond* shows that following one's dream will bring you to places you never thought possible.

[Hoot 'N Gin](#) Michael N. 2008-11-03 When Virginia and Michael begin recovery from alcoholism in Alcoholics Anonymous, they correspond several times a week. They view letter writing and their deepening relationship as a lifeline in the chaos of change. Letters selected from over 2000 written during the next five years chronicle the raw material of their recovery. As their recovery becomes increasingly mired in conflict between the deception required to maintain their relationship and "rigorous honesty" required to attain lasting sobriety, Hoot and Gin (alter egos) spontaneously emerge in the writing. With the mobility of mental apparitions, these "kids" are traded back and forth by their adult counterparts, nurturing, modeling new behaviors, broaching sensitive subjects, and teaching the healing art of laughing at self. They help the adults move through stuck places and give up stubborn resistance to change. For anyone contemplating recovery or living with an alcoholic, who is questioning how Twelve Steps can have any practical application to a situation as complicated as theirs, Hoot 'n Gin reveals how two skeptical people eventually find all twelve are gifts, not punishment. This trip through the Twelve Steps demonstrates how the act of letter writing can augment a recovery program by encouraging introspection, lending support, and measuring progress.
